BARCODE BOOK

FULFILLMENT PARTNER EDITION | REV. OCTOBER 2026

WHAT THIS BOOK IS FOR

This book is the visual match to the SickFit item master. Every item has its own card with a photo, SKU, UPC, case size, packed dimensions, and weight.

WHAT'S INSIDE

Over 40+ SKUs. Every SKU is one sealed pack: 1 pair, 3-pack, or 6-pack. Lines: Light Weight Boot/PT, Compression Ankle, Compression Crew and Quarter, Classic Compression, Essential Crew and Quarter, State Editions, and No Show.

FIVE RULES FOR SICKFIT INVENTORY

1. One SKU is one sealed pack. Never break a 3-pack or 6-pack to fill a 1-pair order.
2. Scan the UPC first. If a pack has no UPC yet, match the SKU on its label to this book.
3. Many items differ only by size or color. Check both before you pick: S vs M, and Black vs Olive Green vs Coyote Tan.
4. Ship 1-pair and ankle packs in the 7.5 x 10.5 mailer. Ship crew, boot, and quarter 3-packs and 6-packs in the 10 x 13 mailer.
5. If an item does not match its card, set it aside and contact SickFit. Do not substitute.

ITEM GUIDE FOR RECEIVING, PICKING, AND PACKING

Every scan, every label, every page built with intention.

BUILT DIFFERENT.

FOR THOSE WHO SPEND ALL DAY ON THEIR FEET.

To the team receiving SickFit:

SickFit makes compression socks for people who work on their feet all day: trades, crews in boots, warehouse teams, kitchen staff, and first responders. They wear our socks for a full shift. When the right pack shows up on time, they trust us. When the wrong size shows up, we lose them.

That is why this book exists. Every item you will touch has a card with a photo, SKU, UPC, pack size, dimensions, and weight. The SKU on the card matches the SKU in your system and on our store.

Many of our items have look-alikes: the same sock in S and M, or in Black, Olive Green, and Coyote Tan. Slow down on those. Scan first, then check size and color on the pack before it goes in the mailer.

If something does not match, or any hesitation please feel free to give us a call. I would rather fix it at the shelf than at a customer's door.

HOW TO READ A CARD

Each product page holds four cards. Every card is one SKU: one sealed pack you receive, store, and ship.

WHAT EACH FIELD MEANS

Title: Product name, color, size, and pack. Matches the item master.
SKU: Our item ID. Format is TYPE-PACK-LINE-COLOR-SIZE.
UPC: The 12-digit GS1 barcode on the pack. Scan this first.
Pack: 1 Pair, 3-Pack, or 6-Pack. Each pack size is its own SKU.
Case Packs: 1 pair is 12 per case. 3 pack is
Size (L x W x H), Vol., Weight: Packed size in inches, cubic inches, and ounces.
Color, Type, Size: Use these to tell look-alikes apart.

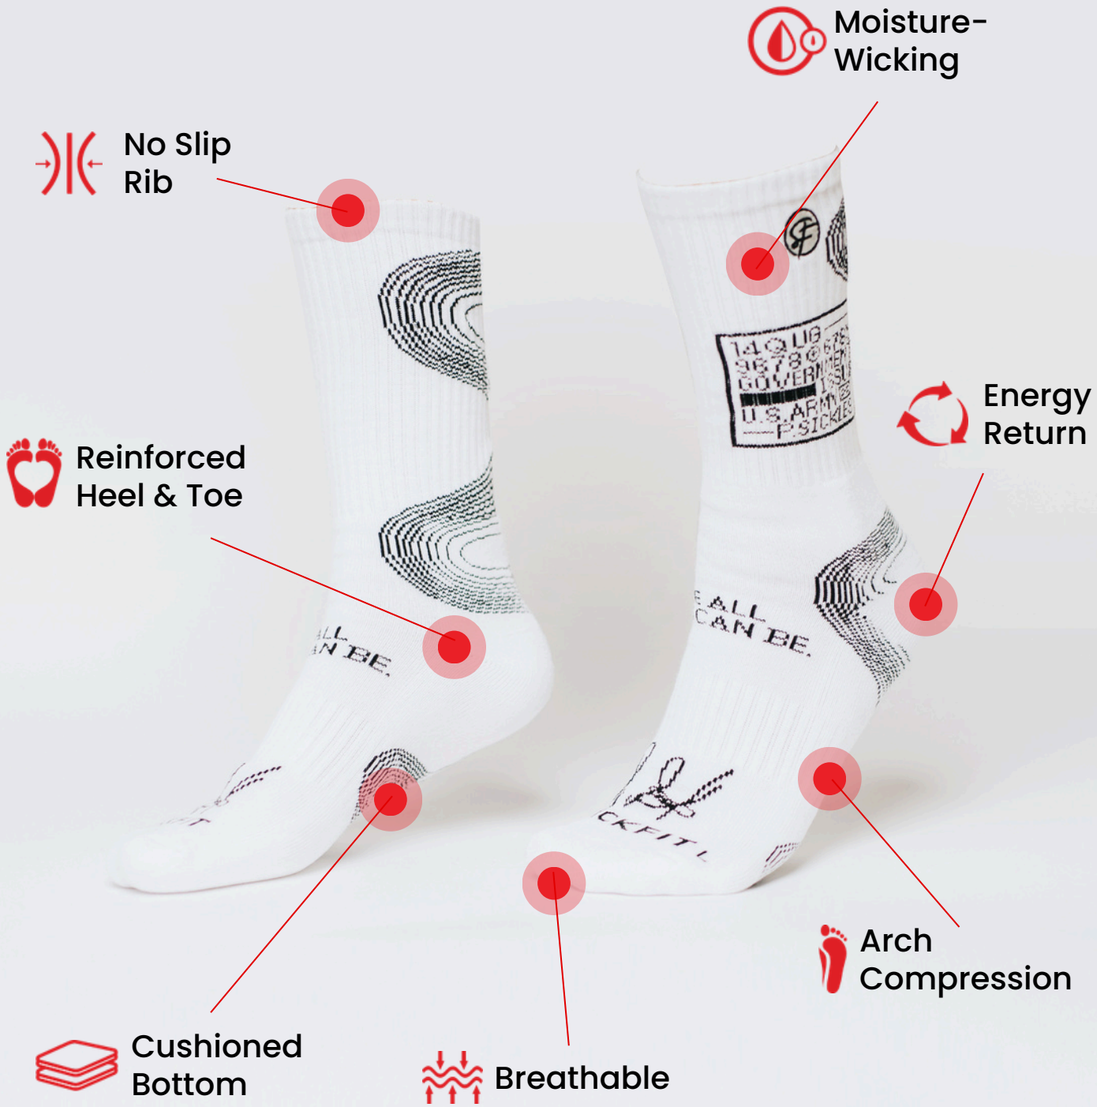
SOCK FEATURES



NO SLIP RIB

A textured ribbed pattern on socks to prevent slipping or sliding on the foot.

ARCH COMPRESSION

A supportive feature in socks that provides gentle pressure around the arch of the foot.

ENERGY RETURN

A feature where materials and design elements are engineered to absorb the impact of foot strikes and then release energy back into the foot, helping to propel the wearer forward.

REINFORCED HEEL AND TOE

Extra fabric or durable materials are added to the heel and toe areas of socks, enhancing strength and durability to prevent wear and tear in high-stress areas.

MOISTURE CONTROL

A feature that involves the use of materials designed to wick sweat away from the skin, keeping the feet dry and comfortable.

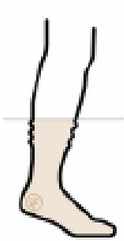
CUSHION

Extra padding integrated into specific areas of a sock, such as the heel, toe, or sole, to provide additional comfort and shock absorption.

BREATHABLE

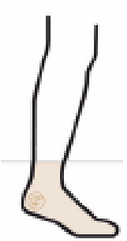
A characteristic of materials that allows air to circulate and moisture to escape, helping to keep the feet dry and comfortable.

SOCK CUT
HEIGHT GUIDE



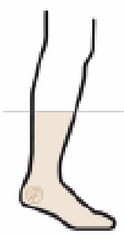
SLOUCH SOCK

A thick, loose sock worn scrunched around the ankle. Known for its relaxed, casual style and soft feel.



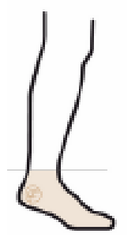
ANKLE SOCK

Covers the foot and extends above the ankle bone. Offers moderate coverage for sports and casual wear.



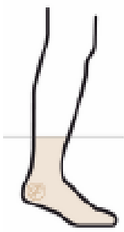
CREW SOCK

Extends to mid-calf, offering coverage and support. Versatile for casual or athletic use with added cushioning.



LOW CUT ANKLE SOCK

Sits below the ankle bone, providing minimal coverage and protection for athletic activities with a low profile.

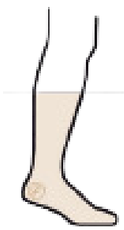


QUARTER SOCK

A sock that covers above the ankle, offering more coverage than an ankle sock. Great for athletic and daily wear.

NO SHOW SOCK

A low-profile sock that stays hidden below the shoe line. Provides comfort and moisture control with minimal visibility.



BOOT SOCK

A thick, durable sock that extends above the calf for extra cushioning. Ideal for outdoor activities, work, or harsh weather.

PRODUCT PLACEMENT STRATEGY

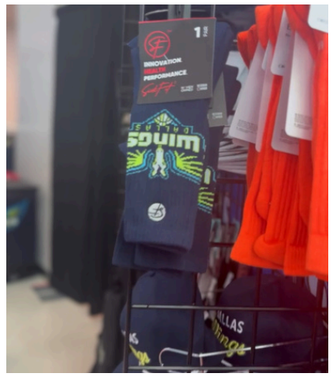
Proven Sell-Through

- Register & Endcap Displays consistently drive impulse purchases, especially for affordable, high-use items like socks.
- SickFit's premium compression socks are functional, eye-catching, and highly giftable — perfect for grab-and-go purchases.

Recommended Placement Zones:

Register Area (Front of Store):

Small display unit with individual and 3-pack bundles Ideal for impulse buys & last-minute gifting



Endcaps Near Tactical or Activewear Sections:
Cross-merchandising opportunity with PT gear, footwear, or wellness items Strong alignment with military readiness & performance

Clear Sell Comparison look at socks on the top still there*

Seasonal Gifting:

Veterans Day, Military Appreciation Month, Holidays
Promotional placement tied to service & story

SICKFIT RETAIL CASE STUDY:
IMPULSE SOCK SALES DURING PEAK SEASON

WHY IT WORKS

- Impulse Price Point: $18-$45 = high perceived value, under gifting threshold
- Veteran-Owned Brand: Easy connection with military families & active duty
- One Size Fits Most: No sizing confusion = simple retail
- Bold Packaging: Grabs attention by the register
- Health & Wellness Angle: Promotes circulation, energy, and comfort
